

Women's Council

Goals

- Support educational growth and leadership in the IMF.
- Build a network and facilitate engagement between girls with the same expressed interests.
- Mentor , encourage and develop young talents.
- Educate girls to seek advice on a variety of issues .
- Celebrate excellence at all beginning for students .

Support educational growth

Don't expect from us :

- We will not be a tutor !
- We will not do your homework !
- We will not help in clearing absences and give you excuses !

**We will give you the direction
in getting and improving your
knowledge!!!**

Build a network with the same interests

- We will help to open scientific students courses in every subject you are interested !
- We will organize and hold the competitions and contests which will be based on your interested topics !
- We can go to the exhibitions, but with small groups by terms!
- We will help you to develop your leadership skills!

Educate girls to seek advice on a variety of issues

- Living problems : for example - flat problems.
- Health problems : every diseases from your hair to your toe, especially gynecological problem. We will help you to connect with the local doctors to take the prescriptions for your illnesses.
- Study problems : for example if you don't have any book we will help you to download to your mobile.
