OLYMPIAD**

March 18-19, 2021

Department of Natural Sciences and Mathematics

invites students of I year to participate in the Online Olympiad
on the cycle of Natural sciences

The goals and objectives of the Olympiad are:

- deepening of theoretical knowledge and practical skills;
- development of creative abilities;
- promoting personal self-realization;
- creation of conditions for the identification of gifted students.

Olympiad is held in the following areas:

- ✓ Chemistry
- ✓ Biology
- ✓ Physics

For participation please contact the organizing committee of the Olympiad by contact
number: +996773124604(WhatsApp, Telegram)

Olympiad Program:

The Olympiad is held in two stages:

1. Theoretical part - online testing - participants are invited to answer 30 test questions in theory (natural sciences) - testing time is 20 minutes.
2. Practical part - students' practical skills to apply the acquired knowledge in solving situational problems, creativity, ingenuity and critical thinking skills are assessed.
