# About me

- ▶ I was born in 1994 year, Osh city.
- ▶ Graduated from the Medical Faculty of Kyrgyz-Russian Slavic University in 2019 year.
- ▶ 2019-2020 year- internship in Department of Hand microsurgery (Ahunbaev's Clinic).
- ▶ 2020-2022 year – Now 'm taking internship in Department of endocrinology (Osh Interregional Clinical Hospital).
- ▶ I am currently working a full time position focusing on Human Histology at International Medical Faculty of Osh State University.

# Work experience

- ▶ Even in student years I combined theory with practice. I used to work after classes in many different hospitals and medical clinics, as an example:
  - 2015-2016- Assistant of Gynecologist at prof. Asymbekova's clinic.
  - 2016-2019- Assistant of Plastic surgery in "Green Clinic".
- ▶ Now, I'm interested in ultramicroscopic structures of tissues, I think it's one of the fundamental discipline, that will help in diagnosing and treating patients with various diseases.

# Certificates

- ▶ 2016. 1 place in the 15th Scientific and Practical Conference of Young Scientists "Science and Medicine." Scientific work on the topic: "The level of awareness of obstetrician-gynecologists about prescribed antibacterial drugs to pregnant women.
