**POSITION**  
**A scientific student club**  
**"Russian language in medicine" department of the IMF of Osh State University**  
**General conditions**

The Russian language student club "Russian Language in Medicine" was developed for students of the international medical faculty studying in the specialty "Medical Medicine". In the work of the group, special attention is paid to work on lexical material, since it is aimed at mastering lexical units as communication units related to all speech spheres of future profession students. When teaching the language specialty, attention is paid to the main components that serve the field of scientific language, medical-biological profile and the situation of communication in the "doctor-patient" or "doctor-doctor" systems.

**Chapter 1. Goals, tasks and objectives of the student club "Russian language in medicine":**

1.1. The goal of the student club "Russian language in medicine":  
development of medical students' practical skills in using the Russian language  
professional communication in the field of medicine, as well as as a tool for obtaining new knowledge in the  
medical field.

1.2. Tasks of the student group "Russian language in medicine":

1.2.1 To develop communicative and sociocultural competence of students;

1.2.2. To improve students' ability in four types of speech activity, a

Namely: in the field of speaking - to form skills of dialogue in the process of professional communication; in the field of writing - teach to fill out medical documentation, using medical terms and abbreviations; in the field of listening - improving the ability to listen to small texts related to medical topics, understanding the general idea, and extracting the required information; in the field of reading - to improve the ability to read adapted and authentic texts on medical topics with understanding of the general idea and extracting the required information;

1.2.2. Expand the range of background knowledge about medicine and its specifics.

1.2. RO student club "Russian language in medicine" As a result of passing the club students:

- master the vocabulary in accordance with the topics of the medical profile;
- improve their skills in four types of speech activity;
- learn to fill out medical documentation in the conditions of practice, using medical terms and abbreviations.

## **Chapter 2. Member of the student club "Russian language in medicine"**

2.1. Members of the student group "Russian language in medicine" have the right to:

2.1.1. Choose and be elected to the Soviet Union;

2.1.2. Bring proposals to the circle for consideration on all issues that are the subject of the circle's activity, participate in their discussion and decision-making;

2.1.3. Get the necessary information about the activities of the club;

2.1.4. Give reports at conferences, round tables and other similar events, as well as take part in competitions of student works;

2.1.5. Take out the composition mug.

2.2. A member of the club must:

2.2.1. Don't skip more than three consecutive sessions without good reason;

2.2.2. Participate in the activities of the club;

2.2.3. Carry out decisions of the General Assembly of the mug;

2.2.4. Respect the interests of other members;

2.2.5. Conscientiously and on time carry out the instructions of the scientific group, related to scientific and organizational activities;

## **Chapter 3. Structure of the student club "Russian language in medicine"**

3.1. The student group "Russian language in medicine" is created on a voluntary basis. The initiators of creating a circle can be a teacher and a student. The name of the mug is chosen independently by the members, the method of voting is simple majority of votes.

3.2. Every student who regularly attends meetings of the club is considered a member of the student club "Russian Language in Medicine".

3.3. The organization of the activity of the student club "Russian language in medicine" is organized by the head of the club from among the teachers (several teachers can lead the group) and the head of the club from among the students.

3.4. The activity of the student club "Russian Language in Medicine" is carried out on the basis of this Regulation.

## **Chapter 4. Organizational work of the student club "Russian language in medicine"**

4.1. The management of the student group "Russian language in medicine" is carried out by the teacher of the discipline "Russian language".

4.2. Student group "Russian language in medicine" holds meetings at least once a month.

Meetings of the circle are recognized as valid if at least 2/3 of its members are present. The decision on the question to be discussed is considered accepted if more than half of the members of the group present voted for it. The form of voting for each considered question is determined by open voting of the student circle "Russian Language in Medicine". Is the session open to the public?

4.1. All teachers who teach Russian at the faculty can be involved in the leadership of the

"Russian Language in Medicine" circle. The headman of the circle is elected from among the students who are members of the circle by open voting. The candidate who receives the largest number of votes of the members present is considered elected. The head of the circle is elected for a period of one year.

4.2. The head of the student circle "Russian Language in Medicine" carries out its activities in the following areas:

- Draws up a plan for the work of the circle;
- Contributes to the timely implementation of the plan of scientific work by members of the student circle "Russian Language in Medicine";
- Submits a report on the work at the final meeting of the department and circle at the end of the academic year;
- Facilitates the involvement of members of the circle to active participation in events held by the Student Scientific Council of the faculty;
- Organizes meetings of the Council of People's Commissars;
  - Not later than 3 working days inform the members of the Council of People's Commissars about the meeting of the Council of People's Commissars.

4.3. Documents on the activities of the Council of People's Commissars in accordance with the list given in Appendix 1 are stored at the SRS Department.

4.4. The list of members of the Council of People's Commissars is drawn up in accordance with Appendix 2.

4.5. Meetings of the Council of People's Commissars are held in accordance with the schedule approved for the year. The schedule of meetings of the Council of People's Commissars (Appendix 3) is compiled by the head of the Council of People's Commissars, subject to agreement with teachers who teach Russian and with members of the circle. The Council of People's Commissars is approved by the head of the SRS department.

4.6. The approved schedule of meetings of the Council of People's Commissars for the current academic year is submitted to the Research Department no later than September 15.

4.7. Meetings of the Council of People's Commissars are held in various organizational forms:

- in the form of practical exercises;
  - listening and discussion of student work (dialogues, role-playing games, presentations, keeping medical records) of members of the Council of People's Commissars;

4.8. When conducting SNK, various forms and methods of teaching and activities of students are used that contribute to the development of their cognitive and creative activity, including developmental, dialogue, differentiated training, competitions, excursions, trips, search, research work, tasks of a creative nature, independent work of students, etc.

4.9. In meetings of the Council of People's Commissars "Russian Language in Medicine" they can participate, speak with students of higher education institutions of Kyrgyzstan and foreign countries. At the end of the meeting of the SNK, the head of the SNK draws up the minutes of the meeting of the SNK (Appendix 4), which indicates:

- Date and place of the meeting, agenda of the meeting;
- full name of the members of the Council of People's Commissars present at the meeting, the head of the Council of People's Commissars;
- The topic considered at the meeting, if the meeting is held in the form of a practical lesson, then the methodological development of this lesson should be attached.
- Evaluation of student work according to the criteria of this work.

The protocol is signed by the head of the Council of People's Commissars.

The minutes of the meetings of the circle are kept at the department of the State Duma.

Every year a report on the activities of the Council of People's Commissars (Appendix 5) is compiled in 2 copies. One copy is kept at the SRS department. The second copy of the report is sent to the R&D department.

## **Chapter 5**

5.1. The topics of the student circle are determined by the leaders and agreed with the members of the circle.

5.2. Topics, their holding is planned in accordance with the schedule of meetings of the Council of People's Commissars.

5.3. Each planned topic has a methodological development: the form of organization of this topic, the forms and methods of teaching, the types of activities of students, etc.

5.4. Each type of activity has evaluation criteria.

## **Chapter 6**

6.1. The scientific supervisor of the SNK is the teacher (teachers) of the department, who has a scientific degree and academic title. At the department of SRS scientific supervisors are all teachers who teach Russian.

6.2. The scientific supervisor exercises general control over the activities of the SNK.

6.3. The scientific supervisor of the Council of People's Commissars, together with other leaders and the headman of the Council of People's Commissars, draws up a schedule of meetings of the Council of People's Commissars.

6.4. Decisions of the supervisor (leaders) of the SNK on the activities of the SNK are binding on other leaders and members of the SNK.

6.5. The scientific supervisor of the SNK has the right to submit lists of particularly distinguished students for promotion.

## **Chapter 7. Final Provisions**

7.1. This Regulation is typical and is approved by the decision of the Academic Council of the Faculty.
