

# Abdullaeva Zhypargul Dushabaevna

The profession of a doctor has existed since antiquity and doctors have always been necessary. For being a good doctor you need to be smart and brave.

# About me

1. Abdullaeva Zhyppargul Dushabaevna was born in 03.06.1984, Kyrgyz
2. In 2006 graduated Osh State University, Faculty of Natural Sciences
3. In 2013 graduated Kumamoto University, Japan, obtained PhD degree in New Frontier Sciences
4. Field of professional activity: physiology

## EDUCATION

Start/End date	University/Institution	Faculty / Laboratory	Specialty
2001-2006	Osh State University	Natural Sciences	Biology and chemistry
2008-2010	National Academy of Sciences	Nanotechnology	Nanotechnology
2010-2013	Kumamoto University	Impulse Plasma	PhD in New frontier sciences
2013-2014	Kumamoto University	Human recourses center program	Post doctoral fellow

---

# Work experience

1. 2008 -2010 International School of Higher Medicine, Bishkek
2. 2011-2017 Kumamoto University, Japan, Department of Materials Science and Engineering
3. 2018-2019 Medical Faculty Osh State University Department of Biochemistry and Basic Disciplines

# Work experience

4. 2019 -2020 International Medical  
Faculty Osh State University,  
Department of Natural Sciences and  
Mathematics

5. 2020 -2021 International Medical  
Faculty Osh State University,  
Department of Anatomy, Histology  
and Normal Physiology

# Work experience

6. 2021-2022 International Medical  
Faculty Osh State University,  
Department of Anatomy, Histology  
and Normal Physiology

# Work experience

# Awards, Conferences, Seminars and Qualifications

2018	Certificate on advanced training courses in Teaching Methods, Osh State University English language courses, Osh State University
2019	Certificate courses of Medical English for teachers of foreign students, Osh State University
2020	Certificate No. 462700009422; Anatomical and histological features of the structure of organs and tissues of the human musculoskeletal system. Kursk State Medical University of the Ministry of Health of the Russian Federation, Kursk RF, 01-12.12.20.
2020	Certificate course on academic proficiency, Elsevier
2021	Certificate course on academic writing skills, Elsevier
2022	Certificate course on Teaching Competency, Osh State University

### DESCRIPTION

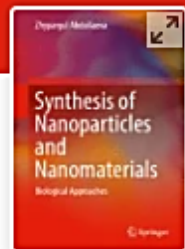

A comprehensive introduction to nano- and biomaterials shining light on the different research disciplines from various perspectives.

The straightforward and well-structured concept is designed to cater for entrants as well as experienced researchers in the field of nanotechnology. The initial chapters introduce nanomaterials, their classification and synthesis techniques, while subsequent chapters discuss the various characterization

# Synthesis of Nanoparticles and Nanomaterials

## Biological Approaches

**Authors:** [Zhypargul Abdullaeva](#)

Presents a complete guide covering recent biological approaches for biosynthesis of nanoparticles and materials for advanced applications;

Explains fundamental terms and approaches with easily understandable explanations, and contains control questions, case studies, equations, and informative tables and schemes to let readers learn faster;

Explores applications to food, healthcare, cosmetics, and manufacturing of sensors, advanced electronics, and energy storage devices.

# Nanomaterials in Daily Life

Compounds, Synthesis, Processing and Commercialization

**Authors:** [Zhympargul Abdullaeva](#)

Describes applications of nanomaterials in everyday life

Presents case studies in each chapter to clarify the theory in the text

Lists questions to help readers evaluate their knowledge after reading

**Includes supplementary material:** [sn.pub/extras](#)
