

Report of the Social and Humanitarian Disciplines Department on student affairs work for the 2020-2021 academic year

At the Faculty of International Medicine, educational work was carried out on the basis of a plan approved by the head of the department and the deputy head of educational work.

In the educational work at the SHD Department, special attention is paid to educational work in order to educate the spiritual and moral qualities of students.

In order to improve and develop this area, a monthly plan is drawn up, a schedule of creative competitions and discussions are held to improve educational work.

For the organization of educational work and control over it, a responsible person is appointed at the department.

Students from far and near abroad were able to show their creative and musical abilities by participating in various public events and competitions.

In the first semester of the 2020-2021 academic year, in accordance with the students affairs work plan, the following events were organized for students:
