

**Toroev  
Durusbek  
Isanovich**

**Senior Lecturer of the  
International Medical Faculty of  
Osh State University,**

---

# **RESUME MY CONTACTS**

- **Tel: +996 557 53 54 57**
- **E-mail:**  
**[durusbek1957@gmail.com](mailto:durusbek1957@gmail.com)**

## **PERSONAL INFORMATION:**

---

- **Toroev Durusbek Isanovich**
- **Date of birth: 20.09.1957**
- **Kyrgyz Republic Osh district, Abakir uulu  
Torobek 85/71**
- **Marital status: married, has four children**

## **EDUCATION:**

---

- **1977-1984:** biology and chemistry specialty, biology faculty, Osh State Pedagogical Institute
- **1986-1990** Postgraduate studies - Tashkent, VNIISH them. G.S. Zaitseva
- **Master's degree** - India, Dehradun, Indian Institute of Remote Sensing

## **LANGUAGES:**

---

- Russian (RUS)
- English (ENG)
- Uzbek (UZB)
- Kyrgyz (KGZ)
- Kazakh (KAZ)

# LABOR ACTIVITY:

---

- ➡ Kyrgyz experimental station: Department of selection and seed production, positions – Researcher, Senior Researcher, Head department.
- ➡ Osh State University, Faculty of Natural Science: Lecturer, Senior Lecturer, Head of the Department, Acting Associate Professor from 1996 to 2012.
- ➡ Faculty of Medicine – Lecturer in the Department of Histology from 2013 to 2015.
- ➡ International Faculty of Medicine – Lecturer in the Department of Anatomy, Histology and Normal Physiology from 2015 to 2023.
- ➡ International Faculty of Medicine – Senior Lecturer in the Department of Anatomy, Histology and Normal Physiology from 2023 to the present.

## Key qualifications/Experience in accreditation and Quality assurance:

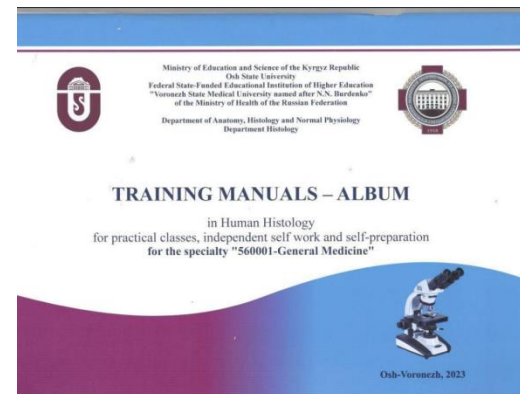

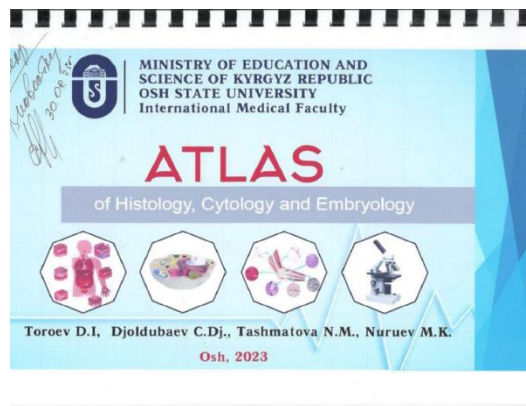

---

- 1. *Certificate*** “Formative and Summative Assessment in Higher Education” 10.06.2023
- 2. *Professional development*** “Histotechnology in Pathology” 03.06.2024
- 3. *Professional development*** course “Academic training course on teaching medical anatomy, histology, and physiology” 27.04.2024
- 4. *Certificate*** “English B1” 22.01.2025

# PUBLICATION:

---

- Atlas of histology, cytology, and embryology (textbook), 2023
- Training manuals-album in human histology, 2023
- Development and morphofunctional features of photoreceptor cells in mammals and humans, Asia: a growing public health crisis, 2025

**The main object of histology in the system of medical education is the body of a healthy person, and therefore this academic discipline is referred to as human histology. The main task of histology as an academic subject is the presentation of knowledge about the microscopic and ultramicroscopic structure of cells, tissues of organs and systems of a healthy person.**
