- A) Complex articles B) Short stories, rhymes, and picture books
- C) Newspapers D) Scientific reports
54. What helps young learners enjoy reading?
- A) Long lectures B) Colorful books and fun stories
- C) Silent reading only D) Reading alone at home
55. Which of the following is a *pre-reading activity*?
- A) Writing an essay B) Asking students to guess what the story is about
- C) Reading the last sentence first D) Giving a grammar test
56. What is the first step in teaching writing to young learners?
- A) Asking them to write a long essay B) Teaching the alphabet and how to form letters
- C) Giving grammar rules only D) Asking them to write fast
57. What kind of writing tasks are best for young learners?
- A) Copying words, writing short sentences, and creating stories B) Writing business emails
- C) Translating texts D) Writing long paragraphs only
58. What should teachers focus on when young learners start writing?
- A) Perfect grammar only B) Handwriting, ideas, and vocabulary
- C) Exam results D) Quiet time
59. What materials support writing lessons for young learners?
- A) Dictionaries only B) Black-and-white worksheets
- C) Colorful notebooks, pictures, and storybooks D) Lecture notes
60. What is the best way to teach grammar to young learners?
- A) By explaining grammar rules in detail B) By giving them grammar books
- C) By using games, songs, and examples in context D) By making them memorize rules
61. When teaching vocabulary, what should the teacher do first?
- A) Give a spelling test B) Translate all the words
- C) Introduce the words using pictures and real objects D) Ask students to write definitions
63. Which activity helps children remember vocabulary better?
- A) Reading silently B) Listening to a lecture
- C) Playing matching games and using flashcards D) Copying from the board only
64. How can grammar be made fun for young learners?
- A) Through worksheets only B) Through songs, actions, and role plays
- C) Through long reading texts D) By giving tests every day
65. Why is repetition useful in teaching vocabulary?
- A) It wastes time B) It helps children forget words
- C) It helps students remember and use new words D) It confuses students
67. What kind of vocabulary should young learners start with?
- A) Academic words B) Everyday and familiar words like animals, colors, family
- C) Abstract nouns D) Business terms

68. Types of learners:

- a) Auditory, kinesthetic, visual learners, reading and writing
- b) Active, auditory, readers, writers
- c) Speakers, readers, writers, listeners

69. Auditory learners are:

- a) Who learn best through hearing b) Who learn best through listening
- C) Who learn best through practicing d) Who learn best through reading

70. Kinesthetic learners are:

- a) Learners learn best through listening
- b) Learners learn best when they can use tactile experiences and carry out a physical activity applying new information
- c) Learners learn best when they listen several time
- d) Learners learn best when they see several time

71. Visual learners are:

- a) Learners learn best when they can use tactile experiences and carry out a physical activity applying new information
- b) Learners learn best when they listen several time

c) Learners who learn best from watching videos, visual aids

d) Learners learn best when they write several times

72. What are visual aids?

a) Are visual materials such as pictures, charts, diagrams, that help people understand and remember information shared in an oral presentation.

b) Kind of videos which to understand easily

c) Only Cards can use during English lessons.

d) Only diagrams and charts in the bases of previous topic

73. Which game can you organize in teaching vocabulary?

a) Fly-swatter b) Bean bag game c) Domino d) All games above

74. What are Flash Cards?

a) Is a card bearing information on both sides, which is intended to be used as an aid in memorization

b) A recoding of moving visual images made digitally

c) A stationary item that consists of large paper sheets

d) All definitions above

75. What is flip- chart?

a) Is a card bearing information on both sides, which is intended to be used as an aid in memorization

b) A recoding of moving visual images made digitally

c) A stationary item that consists of large paper sheets

d) All definitions above

76. What is video?

a) Is a card bearing information on both sides, which is intended to be used as an aid in memorization

b) A recoding of moving visual images made digitally

c) A stationary item that consists of large paper sheets

d) All definitions above

77. Which of them are visual aids ?

a) Cards b) diagrams c) Videos d) All above

78. How many skills are in language?

a) 3 b) 4 c) 5 d) 6

75. Four skills in teaching language are...

a) Vocabulary, Grammar, Reading, Writing

b) Grammar, Vocabulary, Phonetics, Speaking

c) Reading, Writing, Listening, Speaking

76. Receptive skills are.....

a) Listening, Reading b) Listening, Writing c) Speaking, Writing d) Writing, Reading

77. Productive skills are

a) Listening, Reading

b) Listening, Writing

c) Speaking, Writing

D) Writing, Reading

78. How should be made visual aids?

A) Visible b) attractive c) colorful d) All above

79 The aim of a teacher is :

- A) To help students get through in the examination
- B) To make students disciplined
- C) To develop the students ability**
- D) To develop the social behavior

80. Which statement is true about visual aids?

- a) They help the audience to engage , understand, and remember the information**
- b) They are not an important of a presentation
- c) They are only appropriate for long speeches about complex topics
- d) They require much time
