Hormone-dependent diseases of the pelvic organs in women over 35 years of age

Objective: To study the structure and frequency of hormone-dependent diseases in women over 35 years of age according to the gynecological department of Osh Interregional Hospital in the period 2011-2015. Materials and methods: A retrospective analysis of 199 case histories of patients over 35 years of age who were treated in the gynecological department of Osh Interregional Clinical Hospital in 2011-2015 was carried out. The methods of clinical examination, ultrasound and histological examinations were used. Digital data processing was performed in MS Excel (version 16.94) using arithmetic mean calculation methods.

Journal Name: Obstetrics and Gynecology

● PROJECTS

01/12/2021 – 30/12/2021
World Health Organization MedMon

1. **Data Gathering**: Collecting relevant pharmacy information from various sources, including databases, medical records, prescriptions, and patient interviews.
2. **Data Entry and Management**: Accurately entering pharmacy information into databases or electronic health records systems, ensuring data integrity and compliance with privacy regulations.
3. **Quality Assurance**: Reviewing collected data for completeness, accuracy, and consistency, and resolving any discrepancies or errors identified during the data collection process.
4. **Data Analysis**: Analyzing pharmacy data to identify trends, patterns, and insights that can inform decision-making and improve patient care outcomes.
5. **Reporting**: Preparing and presenting reports summarizing pharmacy data findings to relevant stakeholders, such as healthcare providers, administrators, or regulatory agencies.
6. **Compliance Monitoring**: Ensuring compliance with regulatory requirements and industry standards for pharmacy data collection, storage, and reporting.

Student Name: YRYSBAEV AZAMAT

Student Number:

Date of Birth: 1996-03-19   **Gender:** Male

Test Date: 2022-12-13

YOUR TOTAL SCORE

537

310 — 677
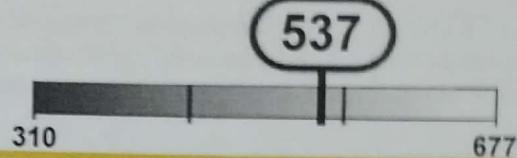

Listening Comprehension

Test takers at this level are usually able to:

53

31 — 68
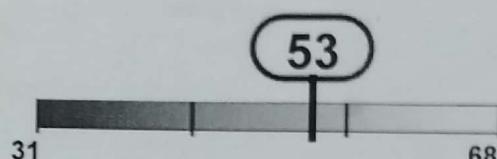

CEFR Level **B1**

When listening to a short dialogue

• understand high-frequency vocabulary and deduce the meaning of some lower-frequency vocabulary
• understand some commonly occurring idioms and colloquial expressions (e.g., "I don't feel up to it," "Maybe some other time")
• understand implications (e.g., implied questions in the form of statements, indirect suggestions) that are clearly reinforced
• understand common language functions (e.g., invitations, apologies, suggestions)
• recognize the referents for a variety of types of pronouns (e.g., "their," "these," "one")

Structure and Written Expression

Test takers at this level are usually able to:

55

31 — 68
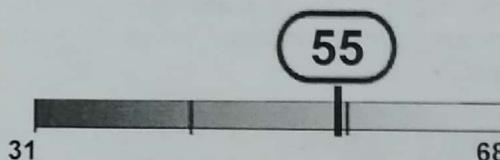

CEFR Level **B2**

• use suffixes and other morphemes in crafting appropriate word forms
• modify nouns by adding participles, relative clauses, appositives, etc.
• deal with multiple and less frequent uses of common words
• understand limitations imposed by the use of specific vocabulary, as with phrasal verbs such as "refer to" in which only a particular preposition may follow a particular verb
• recognize acceptable variations on basic grammatical rules as well as exceptions to those rules

Reading Comprehension

Test takers at this level are usually able to:

53

31 — 67
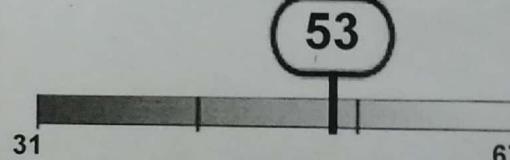

CEFR Level **B1**

• understand descriptions of relatively simple processes and narration in well-marked academic texts
• understand high-frequency vocabulary and recognize paraphrased information
• follow sentence-level comparisons and contrasts and understand meaning conveyed by the most common conjunctions, such as "and," "or," and "but"
• connect meaning across some simple sentences that contain high-frequency vocabulary
