Venera

All

All are good 😊

Nil

No, all teachers generally met my expectations with their teaching methods.

Yes. Dermatology

There are many teachers

Not as i know

No all are good

No, overall the teaching methods met my expectations.

No maximum, everyone is good

All were good

Everyone is good in their own way

Noo

....

Except Myrzaiym mam every teacher.

Everyone

Every teacher teach well.

Many

Yes, there is teacher in child disease department in dimedus building. Her name is narmatova She doesn't know english despite we put efforts in last semester to learn from her and at last she gave only margin marks . Even we dont have any of absentee.

Ntg

Aseema maam (internal medicine)

No.

Salieva

It ok

Child diseases - wanted more clinical practice

Surgery staffs except ali sir

Non

Pathology mam

Most of them

Yes i expected ali sir for my practicals but not hoping for upcoming classes

Jazgul Ma'am (Pediatrics), grading not done with justice. Asks students to complete her own personal work in return of marks and then didn't gave marks also.

Venera mam because we do all the self works for 7 weeks but she put pass marks only and the other groups who didn't give the self works they also get the same pass marks, so what about our efforts for self work

Akmaral maam

.no

No ,all teaching well

Everything satisfied

None

Not any

Nothing like that

There will be no more flaws in their teaching all are to my expectations

No, all the teachers were dedicated, though some teaching methods could have been more interactive and student-focused.

In our expectations

All teachers teaching is good

Nothing

Those who don't know English

Not now

N

Everyone Is Good

No everything is fine

E

No, all teachers taught very well and were dedicated.

-

No every Teacher is very nice to us

No every teacher explain good

yes

Tuibaev azamat

Noo

Venera mam because we have explained all the topics give all self work but she didn't gave some good marks

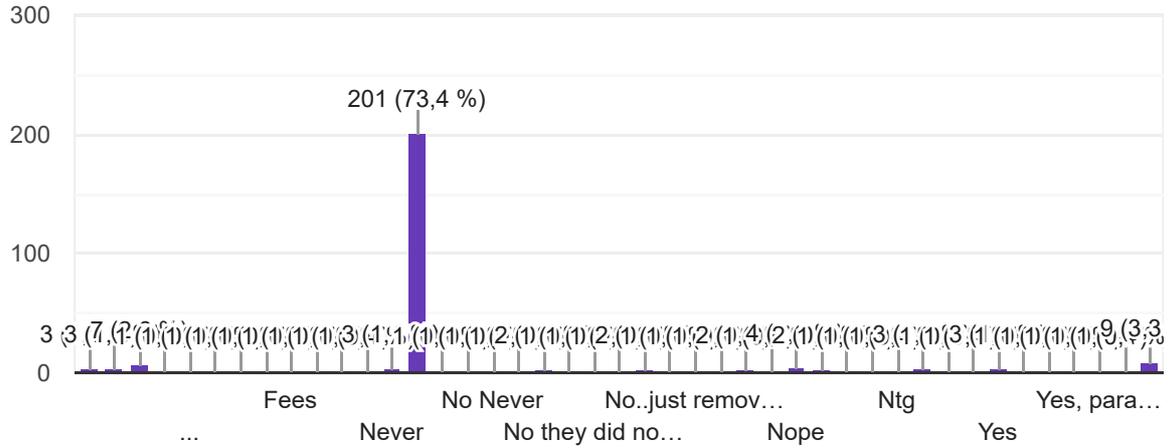

They should explain what we don't know

Were you ever asked for unofficial payments, gifts, or favors related to academic processes? if yes, please mention the subject

Better

I don't know

no

okay 👍

Good they were friendly

checking the accuracy

Great

The registration office works efficiently and professionally, providing timely assistance and clear guidance to students.

Sometimes good ,sometimes not responding properly

It's time taking and staff got rude sometimes

Great especially Aiperi ma'am she is always available 💖

The registration office was organized and generally responsive to student needs.

Very well

Not sure

Not good sometimes they ignore and not giving importance to students(they are rude with students)

The registration office functions efficiently, ensuring accurate record-keeping, timely processing, and smooth coordination with students and departments.

Good enough

Clear communication

Directly

Clear instructions.

Contracter

Okey

Works efficiently

Avarage

Not bad

Whenever we go over there for something our (3rd year) incharge was out.

Too rude

Not good

Okk

..

It is easy

Gud

The work of the registration office was efficient, well-organized, and supportive, ensuring smooth administrative processes throughout the course.

Through sarastha

Through sarastha

By visiting over there

👍 hreat work

Nice and fast

Helpful

The registration office was helpful and responsive to student queries

Officials there are often misbehaving with students

Ok ok

Is good

It is good and easily accessible

I didn't go to registration office.

Group starasta

Okay

Starasta

Convenient

It was okay

Gud

They were very supportive through out all processes

Not at all (fine)

Ok

...

They're not responding clearly mam

Good and easily accessible

Okay.. good

The work of the registration office was generally efficient and well-organized,

Sometimes they ignore and become rude.

3rd year advisor is very much cooperative

Its Good

Fair.

The staff were helpful, professional, and provided clear guidance throughout the process.

Very efficient and helpful throughout the semester.

The registration office works efficiently but could improve response time during busy periods.

3/5

Very well organized our Shedule

Good to assess

Every one will be very active and do every work one time

Very well

Yes

Excellent 🍷

Through sarastha

Very satisfied

Very nice

She is so kind and humble and she understands every problem...

Yes. Mam always does what is right for students and I feel very proud to have a Vice Dean like this.

no

Aizan mam is the best Vice dean

Very hard working.

She is very talented, impressive bold women heading to learn things from her

evaluating their effectiveness in academic coordination

The vice-dean's work is effective and well-organized, demonstrating strong leadership, responsiveness to students' needs, and efficient management of academic responsibilities.

Nice job

Excellent!

Smooth and Gently

Aizhan ma'am is too good .she understands the students but due to heavy work load she is sometimes unavailable on phone to us although she texts back so I would give 10/10 for her work

Really good

The vice-dean was supportive and maintained good academic discipline.

Not sure

The vice-dean has performed their duties efficiently, demonstrating effective leadership, coordination, and commitment to the smooth functioning of the institution.

Good enough

Good coordination

Directly or sometimes Sarasta will go

Good

Good. Systematic and fair.

Good.

Supportive , responsible

Avarage

Not bad

Great and approachable

Very good. Because of mam we saved more money. Yet some staffs put only pass marks.

Very very good

She is helpful

Make timely transparent decisions

Ok

Praisable work (very good work)

By visiting over there

It's excellent

Very Good .

Mam is very beautiful

Absolutely 

Very good very helpful

Helpful

The vice-dean was supportive and maintained good discipline.

Tremendous, there is no copani

Very nice, coz she help us in every possible way and the way she handled all the things is inspiring me

.good

Is good

Statasta

Satasta

Assisting good

She is very helpful...

Responded immediately

No need if need than I will tell

My Vice Dean (Aizhan Ma'am) was very nice and polite and helped me a lot in all of my problems

Doing a great job with discipline in his own way

Very Good 🏆 😊

Very good mam ...

Very good and great

I didn't work at all

Too good

The vice-dean performed their duties responsibly and was supportive in addressing students' academic concerns.

Everything is good

None

Nil

No suggestion

Not at all

nothing

...

Nil-

Try to increase the clinical practice

Heartfelt Thanks 🙏 for implementing "NO CORRUPTION" in module week

Good

Teacher should be more friendly and classes should be not far away from IMF

Everything is fine

All are good 😊

Maybe more clinical visits and practical knowledge because theoretically we are clear but in practical knowledge we are poor we even don't know how to do injections iv canules names Extra

Continue supportive care, monitor your symptoms closely, and consult a doctor promptly if you notice any worsening or new concerning signs.

Best

Lectures are just readed by teachers not explaining so we couldn't explain in practical class and in practical also no maximum teacher explain to students they are only ask us to explain but if lecture is clear means only we can explain the topic in practical class and we need practical explanation

Its already good

Overall good

We should have some less classes because of our preparations

I have a request for the management to kindly arrange our schedule in such a way that we get enough time for self studies for MCI exam because it is the life changing exam without that our degree holds no value in India so kindly arrange our schedule accordingly it is a humble request

One of the mandatory for all and for me is to repair the bridge in medfak

Nothin

No nothing

Not really but i wish that all the teachers treat the students equally and not be partial over a certain set of people only

We need practices classes

N

No one

Our medical university is careless specially the staff they even not listened our one word also (staff misbehaving with us even they don't care of our medical emergency)

The university provides a supportive academic environment with good facilities, and continued focus on innovation and student welfare would further enhance its quality.

Nothing all is good

My class like 1para (mmf-2) 3rd para(imf) 4th para (mmf-2). on that whole day, we didn't eat We were just roaming for classes. If u can make that simple for us please

All was good

Online lectures are convenient :)

I would be appreciated if we get water facility inside campus

In my opinion I think there should be Saturday Sunday off because we have hectic schedule and we don't get proper time to prepare for class and do other works. And I think all lectures should be one day so we can finish lecture and then continue practical classes other days and prepare for the classes also

Please improve student toilet with hygienic maintained.with one drinking water machine in imf building.

Please dont shuffle groups yearly it will make students stressed... And will take time to be sinked with everyone...

Organising classes same place on same day

Some teachers not trying to teach just try to take gifts.

If we have lectures for all subjects especially Pharmacology lecture will be much more appreciated. Also if we do medical checkup in our college clinic means give us a copy either digital or physical is much more appreciated. So that we too know what's our health condition

Please properly conduct the hospital practice more then information teaching for students please

Try to involve with every student

Nope

..

None. All good

Nice

Overall good

All good

Improve teaching assistant methods with digital screening

No comment

More clinical study as well as therotical also

No this semester is better than before

I'm kindly requesting you don't make schedule continued classes, and there are distance also too long. We didn't even eat a day.

Medical insurance

We need bridge. We face very problem without bridge

None. Everything was good

I expect more clinical based practice than just explanation in the practical classes

Clinical practice

Water filling facilities should but be in university campus

Its an kind request please do keep a drinking water supply and a clean washroom its hard for us when we are in periods

Nothing everything fine

Please make all lectures online. It will help us better.

All goodx

Reduce the class timings. So.that we will have time for studying for fmge exam

Additional practice questions/MCQs would help in exam preparation.

Overall experience is good

Provide water for drinking

One request.... please not shuffle groups again in 4th year , I feel very difficulty bcz my grp not change due to absence of replacement student

Everything fine

Nope

Overall university service is good enough

.

Hygine restrooms

Improve teaching staff

Practical assessment of knowledge should provide for student more

More clinical practice hours would help students gain better confidence.

There is still corruption going inside campus. Some teachers are misusing their power.

Medical checkup and medical insurance is too high

There should be 1 day in a week in which we should get clinical exposure.

.no

Make some drinking water facility mam,,then all things are good

Give more practical experience to students

Nothing , thanks 🙏

Nope...loved the semester..

Make sure to teach the missing part of that topic.

Give more practical sessations

Not really
